ABOUT US

Prevent Child Injury breaks down the barrier between public health professionals and the individuals and organizations that care for children. We put the most up-to-date injury research and prevention tips from organizations you can trust all in one place.

Examples of Toolkit Topics

Examples of Project Materials

FREE SHAREABLE RESOURCES

Our toolkits cover a wide variety of topics for children and teens, and materials are completely free.

Toolkits include resources such as:

- Social media posts & graphics
- Infographics & posters
- Fact sheets & brochures
- Posts for your newsletter or blog
- Videos

ADD YOUR VOICE

Each toolkit is created to be used initially during a designated outreach week. After the outreach week, materials remain available on the website for later use.

Our members have participated by:

- Printing out our posters to display on bulletin boards
- Using our content in newsletters and blogs
- Sharing information on websites and parent portals/apps
- Posting on Pinterest, Facebook, Twitter, and Instagram

Become a member today for advance access to toolkits and other benefits.
